DETAILED ACTION

1. Applicant's August 6, 2007 Amendment and REMARKS have been reviewed.
The previous rejection is vacated pursuant thereto. Applicant cancelled claims 1-79.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 80-85 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Applicant's newly submitted claims are not clearly supported by the originally filed specification. The specification in juxtaposition to the claims are confusing as similar elements are described by dissimilar elements, e.g. brokerage interface is listed as both elements 14 and 30. Applicant is required to list the various components from the claims, e.g. brokerage interface, a server, a mainframe computer, a trading system, a financial advisor computer, a trade wizard helper program, corrections, reasons for blocked trade, in juxtaposition with the descriptive portion of the specification and the drawing figures.
4. Applicants Information Disclosure Statement (IDS) has been reviewed. Note the attached IDS.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
